

Mycotoxin Testing Made Easy

With Helica Biosystems' ELISA Kits

Product Highlights

- **Rapid and highly sensitive kits**
- **Results in 30 – 90 minutes**
- **Easy sample extraction**
- **No matrix effect**
- **Cost-effective and user-friendly tests**
- **Break-away wells allow low-volume testing**
- **Standards and conjugate preserved with proprietary stabilizers**
- **One year stability and reproducibility of results**
- **Easy to follow instructions**
- **Color-coded reagents in convenient, easy to use vials**

Mycotoxin ELISA KITS

Catalog No.	Product
961AFLM01M-96	Aflatoxin M1 for milk and dairy products
941BAFL01B-96	Aflatoxin B1 for grains, cereal, nuts, & animal feed
941AFL01M-96	Total Aflatoxins for grains, cereal, nuts, & animal feed
981AFL01LM-96	Total Aflatoxins Low Matrix for grains, cereal, silage, nuts, spices, & animal feed
991AFLM01U-96	Aflatoxin M1 For Urine
941DON01M-96	Deoxynivalenol (DON) for grains, cereal, & animal feed
951FUM01C-96	Fumonisin for maize (corn)
951ZEA01G-96	NEW Zearalenone for corn, barley, oats, wheat, rice, sorghum
941OCH01M-96	Ochratoxin A For grains, cereals, animal feed- EU Standards
981OCH01W-96	Ochratoxin A Qualitative for wine, grape juice & grape must
981OCH01ALC-96	Ochratoxin A Quantitative for alcoholic beverages, wine, grape juice, grape must, & beer
991OCH01MS-96	Ochratoxin A for human and animal milk, serum, & plasma
961OCH01COF-96	Ochratoxin A for coffee, cocoa butter and spices
